Cleveland San Diego

San Diego Cal. Oct 24/95

Dr Sir Mrs Watson, with Prof
Asa Gray Norton, requests me to
write you about our Agaves
Agaves. I have been col-
lecting here for nearly ten years as
an amateur, & this year during the
time I correspond with Prof Gray.
I have collected the Agaves
as yet.

If you desire any specific
information concerning the Agaves
it will give me pleasure to furnish
it if I can. Let your questions
be as specific as possible.

The Agaves I have from 15
miles from here. A. deserti, also
do do. Yours truly

D Cleveland

Dear Doctor

By this mail I send you a small package of Juncei etc, from this County, which I hope you will be able to name for me -

The parcel contains

No.	Habitat		Collected
1	National Ranch,	El. palustris in wet hollows	May 1882
2	Ballena	in wet meadows - Juncus Balticus var. montanus	June 1881
3	"	El. ~~palustris~~ ?	" "
4	Fall Brook	Woods = 9	May "
5	~~Elymus condensatus~~ "	" Elymus condensatus ??	" "
6	Volcan Mountain,	wet meadows	June "
7	Julian	Juncus effusus var. Carex Martii	" "
8	San Felipe	along stream Sr. sylvestris var. diffusus	" "
9	"	" Juncus effusus "	" "

Dr Parry has gone to San Francisco, I shall leave tomorrow for Lake County, Cal, to be absent all summer. I hope to be able to do some collecting. I am feeling moderately well, When you were here you spoke of sending me your monograph on the Cactaceae of the Mexican Boundary.

Rec Aug 7th

Prattville, Plumas Co. Cal. July 30 1882

Dear Doctor

Your letter of July 5th. is just received, having been forwarded from San Diego.

I thank you for the copy of your work on the Cactaceae. It will be very useful to me. Also thank you for the names of my Juncei, etc. Am sorry that I could not send better specimens.

I left San Diego at the End of May for San Francisco. Since that time I have been among the Mountains, in search of rest and health.

While at Allen Springs in Lake County, I made a small collection which I sent to the Rev. Edward Lee Green at Berkeley, Cal. He found five new species and a few doubtful species, and some of special interest among my Collection.

I have been here for two
weeks, and have made a collection of inte-
rest, but not of any special value, I
have spent several days with Mr R
M. Austin.

This month I shall go to
Napa County. I purpose reaching
to San Diego about the 1st Nov 1st.

I have improved but little
as yet in health or strength. If San
Diego grew more rapidly, I could sell some
of my property and go East for a year,
as I desire, but I must wait, The
railroad is building, and the town is
growing, though but slowly, as yet.

I hope to see you on this
Coast again before long.

Very truly yours

D. Cleveland

728 Capp St
San Francisco Cal,
until Nov 1st

New species
Linum Clevelandi Greene
Hosackia villosa Greene
Astragalus melilotoides. Greene
Helyanthella Clevelandi Greene
Senecio Clevelandi - Greene
